

Applying for SU for the first time

Rules

You are entitled to receive SU from the beginning of the first quarter after you reach 18.

1. quarter: January
2. quarter: April
3. quarter: July
4. quarter: October

Examples:

1. You become 18 on 3rd October: you can first receive SU from 1st January.
2. You become 18 on 28th June: you can first receive SU from 1st July.

You can first apply on www.SU.dk (also in English) one month before the date that you become entitled to SU.

This is what to do

1. To apply for SU you need a MitID. MitID can be applied for on the web-site www.mitid.dk (also in English) or from the citizens service (Borgerservice) at your local council (commune).
2. Applying on www.SU.dk Follow the instructions on the web-site. If you are not a Danish citizen you will be required to fill in an extra form: Application for equal status (foreign citizens)
3. You need to set up an e-boks, where SU can send post to you (SU does not send out letters by ordinary post).
4. In order that SU can transfer money to your account you must ensure that account into which it is to be paid is a NEM-konto – check with your bank.
5. If you do not already have a “frikort” or “skattekort” for tax, you should set up one on www.skat.dk – TastSelv borger. You can log in with your NemID.

If you experience problems with the process, or have any questions, staff in the school office are happy to help – bring your MitID.
